THE INTERSTATE SYSTEM (officially titled the National System of Interstate and Defense Highways) is a legal network of 42,500 miles of Expressways, mostly multilane divided and controlled access, crisscrossing our nation in all directions. This system of ultra-modern highways now being constructed is scheduled for completion in the 1980's, with many thousands of miles already completed and now in use. Mostly free, it is designed to bypass, or have controlled access within all cities along these routes. The building of these super highways is a cooperative Federal-State undertaking, the States choosing the routes and building the projects under guidance and direction of the Federal Highway Administration. Under this program, launched in 1956, 90% of the 76.3 billion cost is being paid by the Federal Government, wholly from highway-users taxes. When completed, this network is estimated to carry 25% of all automobile traffic.

Interstate highways are being marked with a red, white and blue shield, carrying the word "INTERSTATE," the State name and route number. East-west routes carry even numbers and north-south routes odd numbers. Lowest numbers are in the west and south; highest are in the east and north. The longer, major routes have only two digits and end in 0 or 5. Urban circumferential, radial and spur routes carry the same number as the major route with an additional digit prefixed; example: I-180 or I-280 being auxiliaries to I-80.

THE U.S. NUMBERED HIGHWAY SYSTEM has no legal status but represents a voluntary effort on the part of the States, through the American Association of State Highway Officials, to provide a convenient, unified marking plan for guidance of travelers throughout the United States. All highways in this system are under control of the individual states; it is not a Federal system. Approximately 170,000 miles of routes have been included in this marked system, ignoring overlap where two or more routes traverse the same highway for moderate distances. Due to the complexities of marked systems in each state, in 1925 a committee of the American Association of State Highway Officials undertook the overall planning. Today's U.S. numbered highway system is marked by the familiar black and white shield which shows the state name and the U.S. route number.

A definite numbering pattern is followed in this system. Odd numbers run north and south; even numbers east and west. Numbering begins in the east and north and the longer routes generally end with the figures 0, 1 or 5. Many routes have paralleling routes marked as north, south, east or west. Likewise, in city areas, designated arterial routes have been marked by addition of words Alternate, Bypass, Business Route, etc., to control flow of traffic.

Both the Interstate and the U.S. numbering systems were planned by the American Association of State Highway Officials.

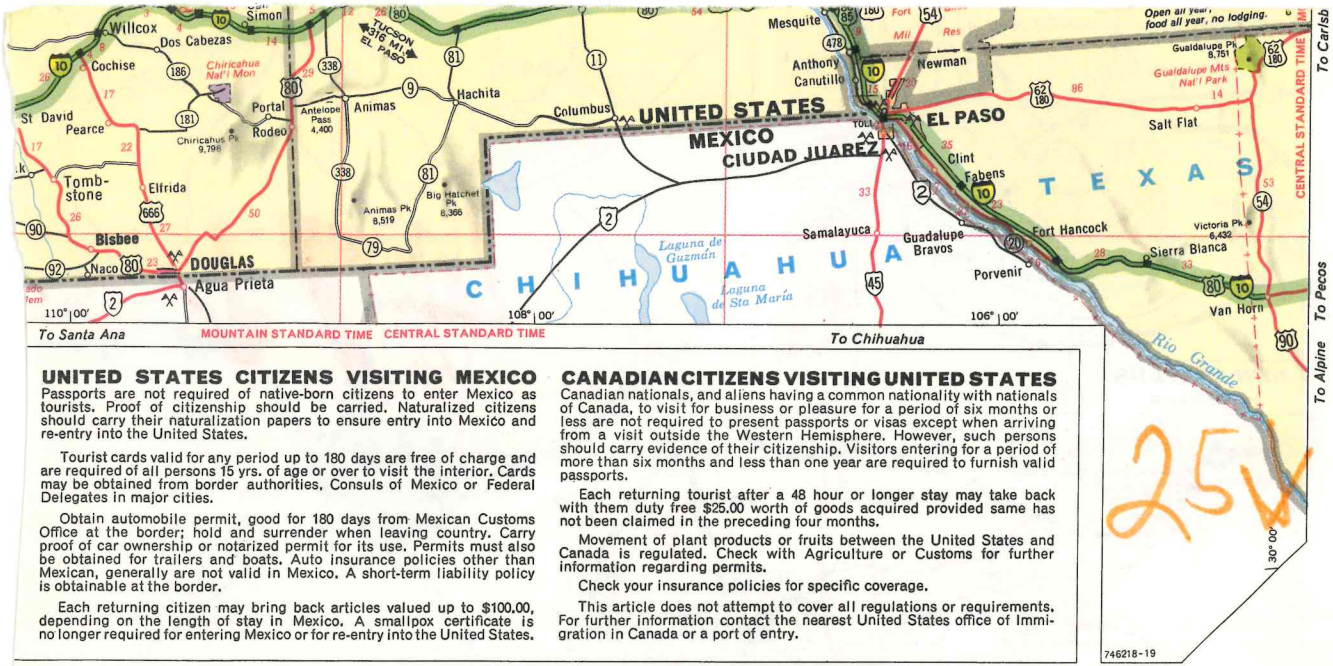
UNITED STATES CITIZENS VISITING CANADA

Passports are not required of United States citizens to enter Canada. They should carry identifying papers for proof of their U.S. citizenship at the port of entry.

Naturalized citizens must produce their naturalization certificate. Aliens who reside in the United States must have their Alien Registration Receipt Card.

Automobiles will be admitted for touring in Canada without payment of any duty or fee for any period up to 12 months. Vehicle Registration Cards should be carried. Any necessary permits are issued at any port of entry. Non-Canadian drivers are advised to obtain a Canadian Non-resident Interprovince Motor Vehicle Liability Insurance Card, available from their insurer.

Returning motorists must report for inspection. Each U.S. resident, after a 48 hour or longer stay, may bring back with them, duty free $100.00 worth of goods provided same has not been claimed in the preceding 30 days.



UNITED STATES CITIZENS VISITING MEXICO

Passports are not required of native-born citizens to enter Mexico as tourists. Proof of citizenship should be carried. Naturalized citizens should carry their naturalization papers to ensure entry into Mexico and re-entry into the United States.

Tourist cards valid for any period up to 180 days are free of charge and are required of all persons 15 yrs. of age or over to visit the interior. Cards may be obtained from border authorities, Consuls of Mexico or Federal Delegates in major cities.

Obtain automobile permit, good for 180 days from Mexican Customs Office at the border; hold and surrender when leaving country. Carry proof of car ownership or notarized permit for its use. Permits must also be obtained for trailers and boats. Auto insurance policies other than Mexican, generally are not valid in Mexico. A short-term liability policy is obtainable at the border.

Each returning citizen may bring back articles valued up to $100.00, depending on the length of stay in Mexico. A smallpox certificate is no longer required for entering Mexico or for re-entry into the United States.

CANADIAN CITIZENS VISITING UNITED STATES

Canadian nationals, and aliens having a common nationality with nationals of Canada, to visit for business or pleasure for a period of six months or less are not required to present passports or visas except when arriving from a visit outside the Western Hemisphere. However, such persons should carry evidence of their citizenship. Visitors entering for a period of more than six months and less than one year are required to furnish valid passports.

Each returning tourist after a 48 hour or longer stay may take back with them duty free $25.00 worth of goods acquired provided same has not been claimed in the preceding four months.

Movement of plant products or fruits between the United States and Canada is regulated. Check with Agriculture or Customs for further information regarding permits.

Check your insurance policies for specific coverage.

This article does not attempt to cover all regulations or requirements. For further information contact the nearest United States office of Immigration in Canada or a port of entry.

Call anytime, anywhere, *Free!*

Get a room confirmation in seconds.

Present your confirmation number on arrival.

A FREE Travel Service...

NDC INSTANT RESERVATIONS*

Make reliable, advanced room reservations in seconds—*free*—24 hours a day. Use any telephone, see numbers listed below.

Just tell the NDC operator:

1. The state and city in which you want a room.
2. The date and time of your arrival.
3. The type of room(s) and number of people.
4. Your length of stay.

See Mobil Travel Guide for a complete listing of member hotels and motels.
